

From Vidisha Didi

Birthday Girl Saisha

Story Book

It's 5th May and it's Saisha's birthday. She was so happy to get so many gifts. Saisha got a "fairy snow globe" as a gift, and she was surprised to see the fairy in it because she looked so real.

She was a fairy from Fairyland and she came to Saisha for help. The other fairy in the "snow globe" was trapped by an evil magician. The only way to set her free was to collect three magical keys from the fairyland.

**I am a fairy from
fairyland and I need
your help.**

**I will help since my
Vidisha Didi told me to
always help others.**

Fairy Land

The fairy took Saisha to fairyland. But the fairy can't enter it because of the spell of the evil magician. So Saisha has to get the keys by herself. The fairy told her whom to meet. But they might test her before giving her the keys since only a mighty person can get the magical keys.

First, she met a bunny holding two eggs in his hand. One egg was empty from the inside and the other was filled with chocolate. Mr. Bunny asked her to find the empty egg without touching them.

**Tell which one is
empty from inside**

Saisha put both eggs in water. The egg filled with chocolate was heavy, so it drowned, and the other egg, which was empty, was so light that it started floating in the water. This is how Saisha solved this problem and got her first key.

Then Saisha went to Mr. King rat. He was the king of all the rats in the fairyland. He was playing with his queen. Saisha politely asked him for the magical key. He took Saisha next to his new car and asked her a question.

Hello,
Mr. King Rat can I get
the Magical Key

Next, Saisha met Miss Doe who had the last magical key. The car was broken and it got stuck in the middle of the way. If Saisha could find a solution, she could get her last magical key.

Saisha got an idea. she got a lot of flying balloons and gave them to Miss Doe. Miss Doe starts flying with the balloons. Now she can reach her destination without any delay. Miss Doe was so happy that she gave the last magical key to Saisha.

Saisha got all three magical keys because she was intelligent, knowledgeable, and helpful. They returned to Saisha's room and, using those magical keys, the evil magician's spell was broken and the trapped fairy got free. They thanked Saisha and flew to fairyland. This was Saisha's best birthday till now.

**Thank you.
Saisha,
for freeing me
&
Happy
Birthday**

Hello,
Mr. King Rat can get
the Magical Key

What are the names of these colors and what does each color on the traffic light mean? This was easy for Saisha since her parents, had already taught her. Saisha said the first color is red, which means stop, the second is yellow, which means wait, and the last is green, which means go.
